About KOMAN Advantage

KOMAN Advantage, LLC (KA) is an 8(a) company specializing in programmatic, operational, logistics, engineering support, and electrical support services. As a wholly owned subsidiary of the Natives of Kodiak (NOK), an Alaska Native Corporation (ANC), together with our sister subsidiaries, we offer a wide range of capabilities between our construction and services sectors, making KOMAN a "one-stop-shop" for our client base.

As an ANC 8(a), we can undertake your project via **direct award**, a process that can be a cost effective and an operationally efficient alternative to competitive acquisition. Direct awards to ANC 8(a) participants generally cannot be protested, which may save a contracting officer weeks of uncertainty before project start up.
